

Dr. Ernest G. Napolitano
1914-1985

As President of NYCC from 1959 to 1985, Dr. Ernest

Napolitano championed an innovative, integrated vision of collaborative healthcare. In an era when concepts of holistic care were almost unknown in the larger medical field, his prescient integrated vision was truly ahead of its time. As a speaker, leader, and practitioner, Dr. Napolitano helped create a remarkable history and future for NYCC. He initiated many of our identifying *Traditions of Excellence* through his faith, dedication and authoritative leadership.

The Napolitano era ushered in a period of dynamic growth, modernization and prosperity for NYCC. Few men have impacted a profession and institution as he did, earning our ongoing respect and admiration.

We are honored to pay our deepest respects for the contributions of Dr. Napolitano by establishing The Earnest G. Napolitano Philosophy Lecture Series Institute.

Ernest G. Napolitano
Philosophy Lecture Series Institute
Help Fund the Future of Our Philosophy

NEW YORK
CHIROPRACTIC
COLLEGE

The Ernest G. Napolitano Philosophy Lecture Series Institute

Today, we are undertaking an initiative to honor his spirit and philosophy. A lecture series that explores such issues as vitalism and natural healing cannot help but advance the art, science and philosophy of chiropractic. The Ernest G. Napolitano Philosophy Lecture Series Institute will amplify Dr. Napolitano's emphasis on the importance of integrating chiropractic in diverse healthcare settings by encouraging students, faculty and alumni to remain open to varied disciplines, approaches and perspectives. We will create a forum for an open exchange of ideas dedicated to interprofessional tolerance, understanding and constructive intellectual discourse.

Lecturers will include distinguished scholars, authors, practitioners, instructors, and a rich variety of business and healthcare professionals who will significantly augment NYCC's existing curriculum and bring even greater diversity to our educational foundation.

The Napolitano Series will provide the added benefit of allowing these distinguished visitors to spend time at NYCC and acquaint themselves with our campus, faculty, students and curriculum.

A Vision for Our Future

We believe this lecture series initiative is of utmost importance to our vision, leadership, integration and innovation. And now you have the opportunity to contribute to its success. To make the Ernest G. Napolitano Philosophy Lecture Series Institute a reality, significant funds will be needed for lecturers, lodging, publicity, and other associated costs.

This is a prestigious series, and we urge you to consider the importance of a gift that will help to propel chiropractic to its rightful place in the healing arts, and promote the future of our philosophy. Please use the attached pledge form, and make your important gift today.

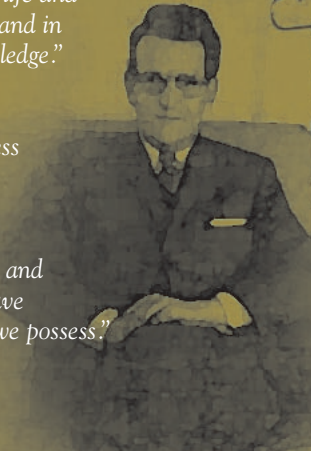

The Vision of Dr. Napolitano

"We must be willing to look at life and let it teach us understanding, and in the process, expand our knowledge."

"Persistence in being human is acknowledging our indebtedness to the past and our awesome responsibility to the future."

"We must learn to be forgiving and tolerant of others who may have different opinions than those we possess."

Dr. Ernest G. Napolitano
1914-1985

I Want to Help Fund the Future of Our Holistic Philosophy.
