JOB POSTING
OFFICE OF HUMAN RESOURCES
July 20, 2010

POSITION: Graduate Associate (Chiropractic Clinical Sciences)

Location: Seneca Falls

Part-Time Position: Hours to be determined depending upon scheduling needs.

GENERAL DESCRIPTION: The Graduate Associate is responsible for assisting the lead lab instructor in various Chiropractic Clinical Science laboratory classes.

SPECIFIC RESPONSIBILITIES:

1. Help students learn the various techniques that may be required for the laboratory class. Each technique would require the learning of the science and art of performing the assessment, normal and abnormal findings, and its associated clinical interpretation.
2. Observe and assist students in the performance of the various adjustive/ diagnostic procedures on other students as required for scheduled lab.
3. Assist students and lead instructor in performing the tasks at hand as outlined in the trimester's syllabus.
4. Work closely with the lead instructor to maintain a consistency in both the performance and interpretation of the various chiropractic or diagnostic techniques.

QUALIFICATIONS: Doctor of Chiropractic degree holding a New York State license required. Solid adjusting and diagnostic skills are necessary. Clinical experience in the area of chiropractic technique and diagnosis is helpful. Ability to interact effectively with students as a teacher and a role model is essential. Prior teaching experience is desirable.

If you are interested in applying for this position, please submit a cover letter, resume, and list of three references to the Office of Human Resources, 2360 State Route 89, Seneca Falls, NY 13148, or e-mail your response to: sblackburn@nycc.edu.
