New York Chiropractic College - System Check

This System Check is designed to ensure your computer system is properly configured for our web courses. It verifies your browser version, browser settings and display settings on your computer.

The System Check also ensures that you have any plug-ins that your courses require.

Required System Checks

- JavaScript**
✓ **Passed**
Your web browser supports JavaScript.
- Browser**
✓ **Passed**
Your web browser is fully compatible.
- Cookies**
✓ **Passed**
Cookies are enabled.
- Display**
✓ **Passed**
Your computer meets the minimum screen resolution requirements.
Your computer meets the minimum color depth requirements.

You should receive this screen.

Note: If you fail a component of the System Check, you will receive an error message explaining why you failed and any actions you need to take to meet the requirement.

NOTE: if the Browser check indicates that it failed, **PLEASE CHECK THE SUPPORTED BROWSERS BELOW**. D2L may indicate that you need to “update” your browser, however, your browser may actually be **TOO NEW** of a version.

Supported Browsers for D2L Version 10.5+

Browser	Supported Browser Version(s)	Maintenance Browser Version(s)
Microsoft® Edge	Latest	n/a
Microsoft® Internet Explorer®	n/a	11
Mozilla® Firefox®	Latest, ESR	n/a
Google® Chrome™	Latest	n/a
Apple® Safari®	Latest	n/a

**See below for Tablet & Mobile supported browsers or [Click Here](#) to be taken to this page.

Step 2: Check your Browser Settings

There are 4 Browsers supported by D2L:

- Microsoft® Edge**
- Mozilla® Firefox®**
- Apple® Safari®**
- Google® Chrome™**

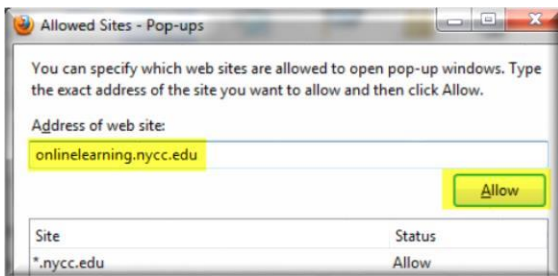

If it seems that something is not opening the way it should in one browser, such as Firefox, try opening it in Google Chrome (and vice versa).

Websites to add to Pop-Up Blockers (directions below for each browser):
***nycc.edu onlinelearning.nycc.edu webcasts.nycc.edu**
ecast.nycc.edu cams.nycc.edu

FIREFOX

Allow NYCC and D2L Website Pop-Ups:

Click on “**Tools**”, then “**Options**”

Click on the Content Tab, then the Exceptions button next to “Block pop-up windows”

Type each address individually into the “Address of web site” text box and click Allow. Click on Close when done.

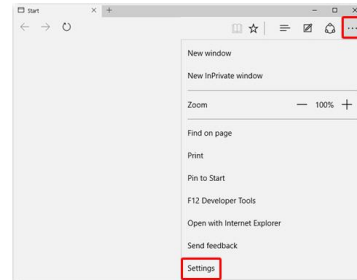

MICROSOFT EDGE

Allow NYCC and D2L Website Pop-Ups:

Open **Edge**.

Select the dotted line icon on the top right corner of the browser, then select **Settings** from the list.

Click on **View Advanced Settings**.

Click on **View Advanced Settings**

Click the slide bar to turn Block pop-ups on or off. (In Edge you cannot make exceptions regarding specific sites).

SAFARI

On the latest version of Safari (6.1 or higher) select the **Safari** menu option, then **Preferences**, and uncheck the box next to **“Block pop-up windows”**.

In Safari, you cannot set certain websites to disable the pop-up blocker, as we have done in the other browsers above. For older versions of Safari, click on the **Safari** menu, then uncheck **“Block Pop-Up Windows”** when accessing NYCC and D2L websites. If you like to use keyboard shortcuts, use Command – Shift – K to disable and enable the pop-up blocker.

CHROME

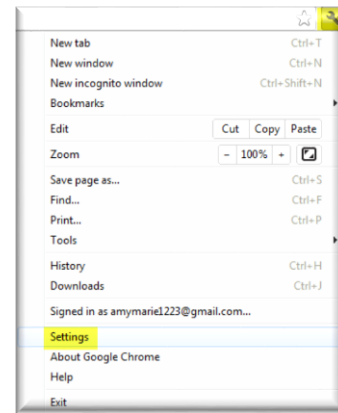

Click on the wrench icon and choose “Settings”

Click on Show Advanced Settings at the bottom of the list.

In the Privacy section, click the Content Settings button.

In the Pop-Ups section, click Manage Exceptions.

Type in an individual web address, and click OK.

Repeat clicking on Manage Exceptions and adding web addresses until all are set.

Step 3: Open File Types and Download Plugins
